

SYLLABUS

Course: ECON 101H-01F. Introduction to Economics 3 Credits.

Course Description: Introduction to Economics (Economics 101H) is the Honors section of the introductory course in Economics for undergraduates. The Honors section covers the same material as the large enrollment version but does so in more depth. This is an introductory course in both microeconomics and macroeconomics. In this one-semester course students are introduced to fundamental issues in economics including competition, scarcity, opportunity cost, resource allocation, unemployment, inflation, and the determination of prices. This course is the gateway course for the major of Economics; if you wish to major in Economics, you must have at least a C in this course.

Course Objectives: The purpose of this course is to give you a basic understanding of core economic principles. By the end of the course, you should be able to:

- Understand and comfortably use the basic terms and concepts of economics.
- Analyze issues while thinking like an economist, e.g., in terms of tradeoffs, marginal costs and benefits, incentives, etc.
- Apply economic methods to analyze real world situations, e.g., to predict or evaluate the effects of government policies.
- Apply your knowledge of decision-making and economic interactions to evaluate normative statements.

Course Learning Objectives ECON 101 meets the requirement for a FY-LAUNCH and FC-KNOWING under the IDEAs in Action Gen Ed.

Learning Objective for a FY-Launch

- (1) Connect with a faculty member early in the educational process.
- (2) Learn intensively among a small cohort of students.
- (3) Apply methods for how scholars pose problems, discover solutions, resolve controversies, and evaluate knowledge.
- (4) Analyze and communicate issues associated with a broad, introductory topic, covering a wide range of knowledge.

Learning Objectives for FC-Knowing

- (1) Recognize and use one or more approach(es) to developing and validating knowledge of the unfamiliar world.
- (2) Evaluate ways that temporal, spatial, scientific, and philosophical categories structure knowledge.
- (3) Interrogate assumptions that underlie our own perceptions of the world.
- (4) Employ strategies to mitigate or adjust for preconceptions and biases.
- (5) Apply critical insights to understand patterns of experience and belief.

Grading status: Letter grade.

Instructor:

Sérgio O. Parreiras
Gardner Hall, 200B
sergiop@unc.edu,

Class Schedule:

TuTh 9:30 am - 10:45 am
Gardner Hall, Rm 309

Office Hours (OH):

over ZOOM on Mon: 2 pm–3 pm,
Wed: 2 pm–3 pm,
by Sakai appt.

Communication:

The Sakai website will be our primary main of communication. All assignments, readings, grades, podcast links, other resources, etc... will be posted on Sakai. The sign-up opens seven days before and closes 24 hours before respective office hours (OH). To sign in for OH, you must login to unc.zoom.us using the SSO option. Do not hesitate to email me to schedule meetings **outside** regular OH if your schedule conflicts with the regular OH. We may switch from Sakai to Canvas when UNC allows for the integration between Canvas and the Achieve Learning platform. As of today, such integration is not yet possible.

Required materials:

- (1) Achieve Learning Platform – contains multiple learning resources and an e-book of the course text. There are multiple ways to access the Achieve learning platform as described below.

- (a) You can purchase an access card to Achieve from the UNC bookstore. This option includes access to an e-book version of the course textbook (Modern Principles of Economics, 5th edition, by Cowen and Tabarrok).
- (b) You can purchase the Achieve access card and a hard copy of the Cowen and Tabarrok textbook from the UNC bookstore. Keep in mind that if you choose this option, you will get both a hard copy of the textbook along with access to the e-book.
- (c) This option is very similar to “a” except you will register directly with Macmillan Learning for the Achieve platform. There is no need to buy a hard copy of the textbook unless you prefer that to the e-book. I will reference the 5th edition of the textbook when I assign readings and practice problems. Earlier editions of the book are near perfect substitute in terms of content, but the chapters, page numbers, and numbers to suggested problems generally differ.
- (2) Mathematica software, which can be ordered free of charge at <https://software.unc.edu>.
No prior knowledge of Mathematica is required for you to succeed in this course.

Evaluation:

Course grade weights: midterms (40%), exercises & quizzes (30%), final exam (25%), active participation (5%).

Exam dates:

Midterm 1: Feb. 16th. Midterm 2: March 30th. Final exam: May 9th at 8 am (notice that the time differs from class time!).

Class environment:

During this course, we may employ additional material from podcasts, video, or literature to discuss economics related issues. Sometimes, you may find the political or religious views; or the profanity contained in the additional material offensive or objectionable and, you may feel uncomfortable. I will not endorse or advocate any particular political views but as part of your university education, it is important you engage in critical thinking and also respect different opinions expressed by your classmates. Our classroom will be an inclusive environment. Your participation is critical for the success of this course. You will be expected to read the assigned readings and, be prepared to discuss them in the classroom.

POLICIES AND PROCEDURES

Syllabus Changes: I reserve the right to make changes to the syllabus including project due dates and test dates. These changes will be announced as early as possible.

Optional Mask Use Statement: UNC-Chapel Hill is committed to the well-being of our community – not just physically, but emotionally. If you feel more comfortable wearing a mask, you are free to do so. There are many reasons why a person may decide to continue to wear a mask, and we respect that choice.

All assignments should be submitted on Sakai. You will receive notifications for those classes in which Mathematica is required.

Honor Code: All students are expected to follow the guidelines of the UNC honor code. In particular, students are expected to refrain from “lying, cheating, or stealing” in the academic context. If you are unsure about which actions violate the honor code, please see me or consult <https://catalog.unc.edu/policies-procedures/honor-code/>.

Exams and grades:

If you are eligible to take exams with Accessibility Resources and Service. Please schedule your exam using their hub, <https://ars.unc.edu/>, and please notify me as soon as possible.

Any final-exam rescheduling request, for those with more than three final exams within a 24 hours period, must be received no later than our first midterm.

Exam grades are converted into scores (“curved”) accordingly to the formula: original grade plus 100 minus the maximum between the top class grade and 50. Assignments or problem sets are not “curved”. The final course grade is computed accordingly to the following scheme:

letter grade	minimum score
A	95
A-	90
B+	87
B	83
B-	80

letter grade	minimum score
C+	77
C	73
C-	70
D+	67
D	63

Attendance Policy: Attendance will be recorded by the UNC check-in app, click [here](#), to install the app. No right or privilege exists that permits a student to be absent from any class meetings, except for these University Approved Absences (UAA): 1) Authorized University activities; 2) Disability/religious observance/pregnancy, as required by law and approved by Accessibility Resources and Service and/or the Equal Opportunity and Compliance Office. 3) Significant health condition and/or personal/family emergency as approved by the Office of the Dean of Students, Gender Violence Service Coordinators, and/or the Equal Opportunity and Compliance Office. Eight non-UAA without any consultation with the instructor may result in a grade F in the course. Ten total non-UAA in a semester may result in a grade F regardless of the reasons you missed class. In all instances, either UAA or non-UAA you MUST notify the instructor prior to missing class. If a student misses a class, it is the student's responsibility to find out what was covered in the class and whether changes have been made on the schedule, and if there was any assignment given.

Counseling and Psychological Services: UNC-Chapel Hill is strongly committed to addressing the mental health needs of a diverse student body. The Heels Care Network website is a place to access the many mental resources at Carolina. CAPS is the primary mental health provider for students, offering timely access to consultation and connection to clinically appropriate services. Go to their website <https://caps.unc.edu/> or visit their facilities on the third floor of the Campus Health building for an initial evaluation to learn more. Students can also call CAPS 24/7 at 919-966-3658 for immediate assistance.

Title IX Resources: Any student who is impacted by discrimination, harassment, interpersonal (relationship) violence, sexual violence, sexual exploitation, or stalking is encouraged to seek resources on campus or in the community. Reports can be made online to the EOC at <https://eoc.unc.edu/report-an-incident/>. Please contact the University's Title IX Coordinator (Elizabeth Hall, titleixcoordinator@unc.edu), Report and Response Coordinators in the Equal Opportunity and Compliance Office (reportandresponse@unc.edu), Counseling and Psychological Services (confidential), or the Gender Violence Services Coordinators (gvscc@unc.edu; confidential) to discuss your specific needs. Additional resources are available at safe.unc.edu.

Policy on Non-Discrimination: The University is committed to providing an inclusive and welcoming environment for all members of our community and to ensuring that educational and employment decisions are based on individuals' abilities and qualifications. Consistent with this principle and applicable laws, the University's Policy Statement on Non-Discrimination offers access to its educational programs and activities as well as employment terms and conditions without respect to race, color, gender, national origin, age, religion, genetic information, disability, veteran's status, sexual orientation, gender identity or gender expression. Such a policy ensures that only relevant factors are considered and that equitable and consistent standards of conduct and performance are applied. If you are experiencing harassment or discrimination, you can seek assistance and file a report through the Report and Response Coordinators (see contact info at safe.unc.edu) or the Equal Opportunity and Compliance Office, or online to the EOC at <https://eoc.unc.edu/report-an-incident/>.

Diversity Statement: I value the perspectives of individuals from all backgrounds reflecting the diversity of our students. I broadly define diversity to include race, gender identity, national origin, ethnicity, religion, social class, age, sexual orientation, political background, and physical and learning ability. I strive to make this classroom an inclusive space for all students. Please let me know if there is anything I can do to improve. I appreciate suggestions.

Undergraduate Testing Center: The College of Arts and Sciences provides a secure, proctored environment in which exams can be taken. The center works with instructors to proctor exams for their undergraduate students who are not registered with ARS and who do not need testing accommodations as provided by ARS. In other words, the Center provides a proctored testing environment for students who are unable to take an exam at the normally scheduled time (with pre-arrangement by your instructor). For more information, visit <http://testingcenter.web.unc.edu/>.

Grade Appeal Process : If you feel you have been awarded an incorrect grade, please discuss with me. If we cannot resolve the issue, you may talk to our departmental director of undergraduate studies or appeal the grade through a formal university process based on arithmetic/clerical error, arbitrariness, discrimination, harassment, or personal malice. To learn more, go to the Academic Advising Program website.
