

### **UNC Community Bike Ride this Friday 9/15**

Join us for a social bike ride around UNC campus and Chapel Hill/Carrboro! Come and meet fellow UNC and local community members who bike. This will be a relaxed “no-drop” (no one left behind) ride of about 1.5 hours, ending with free pizza and refreshments! Beginners and bikers of all levels welcome! Meet at The Pit (in front of UNC Student Stores) this Friday, Sept 15 at 5 PM. RSVP at <https://go.unc.edu/bike2023> or <https://forms.gle/ToZDqmAaAC5eePDe7>.

### **AIER 2024 Fellowship and Internship Programs**

The American Institute for Economic Research is now accepting applications for all 2024 **Graduate Fellowship** and **Internship** sessions.

Both programs are 10-12 weeks long and designed for students with a desire to advance free enterprise, economic liberty, property rights, and sound money.

## **Graduate Fellowship Program**

Graduate fellows are expected to make substantive headway on a project like a dissertation or thesis that will directly advance their academic studies. As part of their fellowship, each Fellow will craft a project plan, present their research to AIER staff and visitors, and share their work with the general public through written pieces for AIER's website.

Each fellow should expect to work closely with AIER faculty to build skills, work through research issues, and build professional networks. Fellows will leave AIER having made substantive progress on their project as well as having developed intellectually and professionally.

[Learn More and Apply](#)

## **Internship Program**

AIER Internships provide college students and recent graduates the opportunity to work closely with staff on projects relating to their interests. During your time with us, your skills will be applied to scholarly research and writing. Other opportunities may exist for those who have an interest in event planning, marketing, graphic design, communications, and fundraising.

Housing is provided in the AIER manor or cottages right on campus, close to the beautiful town of Great Barrington, MA. Lunch is provided for AIER staff, fellows, and interns every workday. AIER covers travel costs to and from campus. AIER Interns are paid \$16.25 per hour.

[Learn More and Apply](#)

AIER interns and fellows have gone on to careers at organizations like the World Bank, the Institute for Justice, Deloitte, Morgan Stanley, General Motors, and IBM. They also teach at well-respected universities across the country.

Applications for Spring sessions close on October 1<sup>st</sup>.

Get in touch with AIER at [opportunities@aier.org](mailto:opportunities@aier.org) with any questions.
